Instructions:

Thank you for choosing Infectolab. We are committed to providing you with clear guidance for a successful submission.

1. **Complete the front of this form, legibly.** Contact your provider if you are uncertain what test(s)/panels to mark off. If you are submitting to Medicare Part B: Medicare has specific requirements for approval. Be sure to complete all necessary paperwork.

2. **Schedule your blood draw.** Some partner labs are listed on our website. Regardless of your location, call ahead to ensure they can accommodate you. Some labs have restrictions.
Note important information in red below.

3. **Ship your specimen the same day it is drawn.** The specimen is time-sensitive. Blood draw and shipment is Monday-Thursday. Samples are only viable for 48 hours and must arrive by Friday morning. For your convenience, domestically shipped kits include a Fed Ex overnight return bag.

4. **Follow up with your provider.** Results are sent directly to your provider and can take 7 business days for our lab to process. Your provider may require additional time to create their plan for you.
We do not offer consultations for patients at this time and strongly encourage you to follow up with your provider on any questions you may have.

Collection and Handling:

Draw 1st
Red and black top
Serum Separator tube

Draw 2nd
